

Hand metal Detector Type "SuperScanner" Art.- No.: 170585

Features

- ★ One operational switch
- ★ High sensitivity
- ★ Autom. self calibration
- ★ Robust housing
- ★ Large detection area
- ★ Autom. battery control
- ★ Visual and audio alarm

The instrument features automatic tuning and battery check. No adjustments are ever necessary. The unit provides both an audio signal and a visual alarm.

Performance has been considerably improved by addition of a reduced sensitivity mode for scanning near rebar floors. The grip allows change of battery without tools.

24 month limited warranty
