

Itemiser® Cabinet

Art.-No.: 170606-70

Forced Ventilation
on rear side

This cabinet is especially designed for operation and storage of any Itemiser*instrument. Four trolley wheels allow comfortable moving to another operational position. The mains cable is fed through the cabinet to the rear side.

The cabinet has two lockable metallic drawers as well as a larger storage area with adjustable tiers.

The with pad-locks lockable Itemiser3®/DX storage compartment allows storing the switched-on instrument. Sufficient air grids and two integrated fans (total power 5 watts, 230 V) allow for essential air circulation.

Dimensions:

Height, closed to lid:	1.360 mm
Operational height for Itemiser3®:	1.130 mm
Width:	710 mm
Depth:	500 mm
Weight:	approx. 65 kg

Specifications are subject to change without notice.
