

## Laser-pointing device for X-ray generator XR200 Art.-No.: 150150-55

Over a long time customers have been asking for a laser pointing device for the GOLDEN X-ray generator XR200 to simplify special applications.

The now available product consists of three circular arranged laser sources and the battery power supply integrated in a ring-housing with a form closing rear side. The housing is pushed over the generator nozzle and holds its position without the use of tools.

**Tech. Data:**

3 Laser Diodes, each		Laser unit	
Wave length	650 nm	Weight	193 g
Spot size	10 mm/10 m	Dimensions	Ø 100 mm x 25 mm
Output power	5 mW	Battery	6 V Li
Lens material	Plastic		
Operating voltage	3 V DC	Laser Class	3 B
Operating current	60 mA		
Dimensions	ø8 mm, Length: 13 mm		
Adjustable focus	yes
